We had a productive discussion with Mr Sathish today. Our meeting with him was regarding Private Limited company registration for us. Mr Sathish asked us multiple questions to make sure our commitment in running our company is validated. We had spend over an hour and he gave us all required details in a formal presentation. It was a very professional discussion, transperent to the extend we have all the information we need to comfortably do our next steps. I would recommend eauditor office for any startups for their needs.
